RAIL OPERATIONS SECTOR					
No.	SCOPE OF WORK, INDUSTRY IMPERATIVES, SECTOR AND OCCUPATIONS/SKILLS INVOLVED	QUALIFICATION AFFECTED	SUBMISSION TO NQC	PROGRESS	RESPONSIBLE TRAINING PACKAGE SPECIALIST
6.1	TLIL3707B - Apply and amend rosters – focuses on amendment, with limited attention to application and monitoring of the application of rosters.	Certificate III and IV Rail Operations	2011	Being reviewed as part of the development of Network Control and Signaller qualifications.	Rae Fossard rae@tlisc.com.au
6.2	TLIL4707B - Coordinate train movement activities – does not fully describe coordination activities, covers communications regarding train movements and duplicates much but not all of <i>TLIC707B Use communications systems</i> , probably does not adequately emphasise communications protocols – C7 is better.	Certificate III and IV Rail Operations	2011	Being reviewed as part of the development of Network Control and Signaller qualifications.	Rae Fossard rae@tlisc.com.au
6.3	In unit TLIL4707B – Coordinate Train Movement Activities, remove ‘train’ from the first part of element 1.1 so that it reads “Communication with drivers is undertaken to ensure they are informed of...” This is because a ‘train’ can also be an on-track machine or road-rail/hi-rail vehicle which has a ‘driver’ but not a train driver.	Certificate IV Rail Operations	2011	Being reviewed as part of the development of Network Control and Signaller qualifications.	Rae Fossard rae@tlisc.com.au
6.4	Develop qualifications and/or Skill Sets for Station Operations.	Certificate II, III & IV in Rail Operations and Skill Sets	2011-12	Work will begin in late 2011.	Rae Fossard rae@tlisc.com.au
6.5	Continue work on Train Driving qualifications.	Certificate III and IV in Rail Operations	2011	Continuation of work begun in 2010.	Rae Fossard rae@tlisc.com.au
6.6	Develop a higher level qualification for Rail Operations.	Diploma/Advanced Diploma	2011-2012	To commence in mid-2011.	Rae Fossard rae@tlisc.com.au
6.7	Develop qualifications for Steam Locomotive Fireman to meet regulatory requirements.	Certificate II/III in Rail Operations	2011-2012	To commence in mid-2011.	Rae Fossard rae@tlisc.com.au
6.8	Develop qualifications for Tram operational Supervisors and Network Controllers.	Certificate III and IV in Rail Operations	2011-2012	To commence in mid-2011.	Rae Fossard rae@tlisc.com.au

RAIL INFRASTRUCTURE SECTOR					
No.	SCOPE OF WORK, INDUSTRY IMPERATIVES, SECTOR AND OCCUPATIONS/SKILLS INVOLVED	QUALIFICATION AFFECTED	SUBMISSION TO NQC	PROGRESS	RESPONSIBLE TRAINING PACKAGE SPECIALIST
